

Congress of the United States
House of Representatives
Washington, DC 20515-2210

April 27, 2021

The Honorable Rosa DeLauro
Chairwoman
Committee on Appropriations
Washington, D.C. 20515

The Honorable Kay Granger
Ranking Member
Committee on Appropriations
Washington, D.C. 20515

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for a drinking water quality improvement project in the City of Croswell, Michigan in fiscal year 2022.

The entity to receive funding for this project is the City of Croswell, located at 100 North Howard Avenue, Croswell, MI 48422

The inadequate water mains will be replaced with new mains constructed of modern acceptable materials. This will allow for an economically disadvantaged community to be a national example of how to resolve poor water quality issues before they become a larger concern. In doing so, the City of Croswell will ensure the highest caliber of public infrastructure, and improved reliability. This will eliminate contamination caused by breaks or leaks and will improve water pressure to safe levels.

This project is an appropriate use of taxpayer resources because it will improve the health safety and welfare of the public drinking water system for the users of the City of Croswell public drinking water system.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Lisa McClain
Member of Congress
